

**NOW! ANOTHER REVOLUTIONARY
NEW TRAIN ON
THE PENNSY!**

The PENNSY KEYSTONE

**NOW IN DAILY SERVICE BETWEEN
NEW YORK • PHILADELPHIA • BALTIMORE • WASHINGTON**

Again, the Pennsy is in the vanguard of railroad progress with today's newest train—the revolutionary PENNSY KEYSTONE. This sleek, rail-hugging beauty has coaches that are nearly two feet lower than previous cars—a new low center of gravity for smoother riding. Reclining foam-cushioned seats are arranged on two levels. There's a separate smoking section in each coach, equipped with restful lounge

chairs. And, of course, the entire train is delightfully air conditioned.

THE PENNSY KEYSTONE leaves twice daily from New York and from Washington. Spacious Parlor Cars and attractive Dining Cars are included on the morning and midday runs. Bedrooms and Roomettes on the overnight run from New York.

Pennsylvania Railroad

Great things are happening on the Pennsy!
