

THE TRANS-ATLANTIC STEAMSHIP LINES

JOINT SCHEDULE OF MINIMUM OCEAN PASSENGER RATES, TOURIST THIRD-CABIN ROUND-TRIP AND ONE-WAY FARES AND THIRD-CLASS ROUND-TRIP RATES

GENERAL INFORMATION

The Trans-Atlantic Steamship Lines make rail and water connections to British, Continental, Scandinavian, Mediterranean and Near-East points of destination, and tickets to such points can be purchased from the Steamship Companies. Only minimum steamship rates are quoted herein. Rates for accommodations other than at the minimum fares shown and cabin plans can be obtained on application to the respective Steamship Companies or their Agents.

In addition to the eastbound rates, a *United States revenue tax* is charged for steamship tickets purchased in United States, as follows: \$5.00 for each person on tickets costing more than \$60.00. \$3.00 for each person on tickets costing more than \$30.00 and not exceeding \$60.00. \$1.00 for each person on tickets costing more than \$10.00 and not exceeding \$30.00; and on tickets purchased in Canada a Canadian revenue tax, as follows: \$5.00 for each person on tickets costing more than \$65.00. \$3.00 for each person on tickets costing more than \$40.00 and not exceeding \$65.00. \$1.00 for each person on tickets costing more than \$10.00 and not exceeding \$40.00. Steamship tickets costing \$10.00 or less are exempt from taxation.

Alien Passengers.—Eastbound aliens are advised to secure "A Permit to Re-enter" (Form 631). Also they must show that they have paid or are exempt from paying income taxes. Receipts, proof of exemption, or certificates of compliance (Form 1040-C), obtained by passengers from the office of the Internal Revenue Collector nearest their residence, should be presented to the Internal Revenue Officer at the pier before sailing. Aliens who are unable to obtain "Form 1040-C" in their District are still required to appear personally for examination at the office of the Collector of Internal Revenue at the port of embarkation and obtain a *sailing permit* (Form 1040-D). United States citizens are exempt from the requirements of this paragraph.

In addition to the westbound (prepaid) rates of all classes, \$8.00 *United States head tax* must be paid for each person destined to the United States, with the exception of United States citizens, and children under sixteen years of age, when accompanied by their father or mother. This does not apply to third-class passengers from Italy, whose head tax is included in westbound prepaid rates shown.

All passengers must have *passports*, properly vised. United States citizens must apply to the clerk of a State or a Federal Court in districts where they are resident, and aliens to their respective consulates.

A list of sailings, tonnage of steamers, and information regarding passports, children's and servants fares, cruises, special tours, baggage, baggage insurance, baggage space, exchange of money, shipment of automobiles, stop-over privileges, etc., can be readily secured on application to the respective Steamship Companies, or their General Agents.
